

ADVANTAGES OF THE NEW CONNECTOR SERIES:

- 5 different connector models for use with LED strips;
- connectors are universal and fit 8 and 10 mm wide COB and SMD strips;
- ideal for connecting 12V DC or 24V DC lighting up to 3A (36W or 72W);
- can be used with virtually all our LED profiles;
- transparent housing that allows light to pass through;
- easy to install, just clip them onto the LED strip and it's done!
